

Lenacre Action Group Wildlife Survey - Can you help?

We are carrying out a survey to try to establish a realistic overview of the wildlife found in the near vicinity of Lenacre Hall farm and particularly the gardens abutting the farmland. We are especially interested in the way wildlife connections are made between Tower wood and the farmland. Please can you help us by completing as much as you can on this survey form. **Thank you** in anticipation

Your house name and post code

1. Ponds
 1a Do you have a pond in your garden?
 1b If yes, does your pond contain newts?

2. Bats
 2a Have you spotted bats in your garden?
 2b Do you know what type of bats visit your garden? Please specify
 2c Do you have a bat box in your garden?
 2d Do you have bats in your attic/shed/other? Please specify
 2e Do you know where there are bat nesting sites near your house? Please specify.
 2f Have you seen bats in the near vicinity to your home? Please say where and what activity e.g feeding, swarming etc

3. Reptiles and amphibians

| What reptiles have you seen in your garden? | Tick | Comments |
|---|------|----------|
| Grass snakes | | |
| Slow worm | | |
| Lizards | | |

| Common coot | | |
| Other – specify | | |

6 Please add any further comments regarding wildlife you have observed in your home and near surroundings. We are particularly interested in the way wild life use the farmland, hedges, individual trees and woodland – especially connections between Tower wood and Lenacre Hall farm

Further comments

Please return your completed form to Jane and Bryan Hall at Hedge End, Lenacre Street by 30th November

THANK YOU
